Silvan
The Spraying Specialists

Linkage Sprayer Packages

DON'T LET WEEDS OVERRUN YOUR PASTURE - CONTROL THEM NOW!

Silvan is a leader in the design of three point linkage sprayers and the largest Australasian manufacturer of best-in-class linkage sprayers.

Silvan's range of sprayers can be equipped to suit herbicide, insecticide and fungicide applications in a range of crops including orchards, vineyards, vegetables, sugar cane and pasture production.

With an extensive range of fully galvanised booms, hose reels and control options, you can customise the sprayer to your application.

All Silvan linkage sprayers feature durable galvanised frames, impact resistant poly tanks and reliable diaphragm pumps for safe and efficient spraying.

800/1000L ECONOMAX LINKAGE SPRAYER

High capacity sprayer with a 10m or 12m galvanised boom and hose reel for field and spot spraying in one package.

- 10m or 12m (*12m includes suspension) galvanised manual fold boom with nozzle protection and air induction nozzles
- 20m hose reel with Triam 44 spray gun
- 58L/min (2000kPa) pump (10m) or 121L/min (2000kPa) pump (12m)

NEW MODEL

CODE	SIZE	PUMP	PRICE
KBC800	800L (10m Boom)	58 L/min (2000kPa)	\$6,490

3 SECTION ELECTRIC SOLENOID KIT - MEDIUM PRESSURE

Suitable for most brands of 12 volt sprayers, motorised skid sprayers and linkage units with booms. An effective way of controlling individual sections of your spray boom from the cab of a vehicle.

- Supplied with a multi section control box, mounting bracket and 5 metre electric wiring loom
- Master on/off switch to shut the entire boom off or switch individual sections off
- 3 x Goyen solenoids, maximum operating pressure 10 bar/ 150psi

\$693

M99-14

SILVAMATIC ELECTRIC SPRAY CONTROL KIT

Features an in-cab control box with proportional pressure compensating valves designed to maintain constant pressure and output even after one or more boom sections are closed.

- Stainless steel components and viton seals
- 3 boom section outlet with 12mm tails
- On/off and pressure adjustment switch
- Direct acting valves

\$2,189

461530A

BRAVO 180S SPRAY RATE CONTROLLERS

- Monitors: Area, distance, quantity of liquid sprayed, working time, flow rate
- Automatic adjustment of application rate by measuring flow rate and speed
- Bravo 180S Horticulture controls up to 4 sections
- Bravo 180S Broadacre controls up to 5 sections
- USB for storing work reports
- Controller kit only (no valves supplied)

Pump Service Kits and Controls

PUMP SERVICE KITS

Our service kits have everything you need to service your pump or control valve in one convenient package, making regular maintenance or running repairs much more simple. Silvan all-in-one service kits are the most economical way to purchase the individual parts required. They will also prove invaluable for those emergency on the spot repairs.

Rotary Hoes

Italian Made

Top quality Italian gearboxes for trouble-free performance

High quality oil seals in steel & rubber prevent external contamination from dust/water

Up to 65mm clearance between the frame and blades allows tilled soil to flow smoothly

A range of rotors, blades & roller options to match soil conditions

Breviglieri has a long history of innovation and development of top quality tillage machinery. Since 1949, Brevi have pursued and achieved continuous product innovation. The quality of their rotary hoes & power harrows speaks for itself. Silvan Australia has been proudly promoting the Breviglieri range since 2010.

Brevi rotary hoe's & power harrows are engineered to suit tractors from 10 to 400 HP. Silvan Australia stock Breviglieri rotary hoes from 85cm to 6.3m folding machines. Power harrows from 1.5 to 7m working widths are also offered. All machines in the Brevi range are designed and engineered for optimal results and efficiency.

B40F SERIES

Suited to low horsepower tractors and ideal for small farms, nurseries, vineyards and orchards.

- 820, 1020, 1220, 1420 & 1620mm working widths
- 15 to 40 HP with side chain drive

B55F SERIES

Rigid box construction rotary hoes suitable for medium sized farms and market gardens, preparation of ground and working in stubble and crop residues.

- 30 to 60 HP with side gear drive
- 1450, 1650 and 1850mm working widths
- 6 C blades per flange
- Cat I or II three point linkage

B83 SERIES

Suited to medium farms & contractors. Features rigid box section frame and performance based gearbox built to ISO standards.

- 1550, 1800, 2050 and 2310mm working widths
- 50 to 90 HP with side gear drive
- 6 C blades per flange

Quality belts for high power transmission

Since 1945, Nobili has been at the forefront of mulcher design and development. Stringent manufacturing processes ensure a very long service life in the most demanding environments. Silvan Australia has been Nobili's distributor since 1998 and proudly sell and support Nobili's unrivalled range of models.

Mulcher's cut grass, orchard pruning's and heavier organic material repeatedly resulting in a finer residue that decomposes quickly into humus, improving soil quality. Mulchers can be used in a wide variety of applications including: general clearing, crop residue management, pasture topping, orchards, vineyards, parks & gardens as well as roadside maintenance.

Fertiliser Spreaders

Dal Cero have a long history in the production of fertiliser spreaders. In more recent years there has been an increased focus on innovation and new technology to further develop their precision spreader range. The DCM range of twin spinner spreaders covers specialised horticultural applications through to high capacity broadacre applications with on-board weighing systems.
